

CISSON

Nozzles & Hoses

**Application:**

These top quality 25mm (1") bore dispensing hoses are flexible enough to ease handling yet are strong enough to resist kinking and have a smooth wipe clean covering.

The 1" BSPT taper male end fittings are machine banded onto the hose ends.

WORKING TEMPERATURE: -25°C to +45°C

MAXIMUM OPERATING PRESSURE: 43.5 psi

Diesel Drop Hose

Application:

Being widely used for delivery of water, air and minerals oils such as diesel oil, biodiesel, gasoline and lubrication oil, etc.

Characteristics:

Being made of tough PVC mixed with Rubber materials and high tensile polyester reinforcement.

This hose has honed surface which is similar as rubber hose surface, it can work under very high working pressure, and light, flexible, durable, anti-erosion, frost resistant, oil resistant and explosion resistant.

WORKING TEMPERATURE: -15°C-60°C
